**Iowa Nut Growers Association Annual Meeting, Saturday April 4th
Things are about to get real “nutty” in Toddville**

Toddville IA - The Iowa Nut Growers Association (INGA) Annual Meeting will be held at Wickiup Hill Learning Center located at 10260 Morris Hills Rd. on Saturday, April 4th from 10:00 to noon with a potluck lunch and then the Iowa Hazelnut Project Learning Group to follow from 12:45 to 1:50.

The business meeting is from 10:15 to 11:30 for members; come early and become a member for only \$20. The business meeting is followed by our annual live auction of plants, scionwood, baked goods, books, and other nut related items. Donated items are always welcome; the auction is great entertainment and a fantastic way to support the organization. Potluck lunch is at 12:15; bring your favorite covered dish, salad, or dessert, along with serveware and meet other “nuts” from throughout Iowa; drink provided.

At 12:45 there will be an IA Hazelnut Project Learning Group – Hazelnuts 101 presentation to learn more about growing hazelnuts in Iowa and the opportunities available with this emerging agroforestry crop. There is no cost to attend the Hazelnuts 101 session and it will last about an hour; all are welcome and invited.

Contact Jeff Jensen at jjensen@treesforever.org or on his cell at 515-320-6756 with any questions.
